SPECIAL ANNOUNCEMENT

This is the last issue of the Library Bulletin in the present format. In response to requests from IPPF member associations, we propose to give some idea of the content and coverage of the most important items added to the Central Office Library. Commencing with the August issue annotations will appear with the entries for significant publications which have arrived at Central Office during the previous three months.

In order that you should not miss hearing about other useful publications, we recommend that you scan regularly the "Bibliography of Family Planning and Population" produced by the Simon Population Trust, 141, Newmarket Road, Cambridge CB5 8HA.

Arrangement of this issue

Books only are included in the list and are arranged in classified order according to the classification scheme at present in use in the IPPF Central Office Library.

The main outline of the schedules is as follows:

1. General Office Management and Administration
2. Contraceptive Methods
3. Family Planning (General)
4. United Nations; Conferences, etc.
5. Population.
   - 5.3 Africa
   - 5.4 America
   - 5.5 Asia
   - 5.6 Europe
   - 5.7 Oceania
   - 5.8 USSR
6. Religious, Moral, Ethical and Political Attitudes to Family Planning
7. Medicine
8. Education, including Sex and Population Education
9. Communication, Publicity, History, etc.

The Bulletin is divided into sections by subject headings as a rough guide to the contents of the books noted. An alphabetical list of authors appears at the end of each issue, with classification marks used as cross references.

Purchase of Books

An alphabetical list of relevant publishers and their addresses will be found at the end of this issue, and in the interest of speed and efficiency those wishing to obtain

copies are advised to order direct from the publisher or their local bookseller. It is not possible for the IPPF Central Office to deal with orders for material other than IPPF publications.

## Prices

The price for all books is given as the publishers' list price, which is not necessarily the price that the IPPF paid. Where the price is indicated as 'not known', in many cases, the book may be free of charge, but this should NOT be assumed when ordering. It is sometimes possible to arrange a small discount on large orders with a local bookseller.

## Loans of Books

It is not feasible for IPPF to lend books from the Central Office Library overseas, because of the great risk of loss, damage and delays, and high postal costs involved. Readers of the Library Bulletin may be able to borrow certain books from IPPF libraries situated in the following Regional Offices:-
